Joe Biden and Kamala Harris are running on a platform of radical change. They have promised to implement a number of policies that would have a devastating impact on our country.

Their economic policies would lead to higher taxes, less investment, and fewer jobs. They would also make our healthcare system more expensive and less efficient.

Their environmental policies would destroy American energy jobs and make our country more dependent on foreign oil. They would also lead to higher energy costs for families and businesses.

Their foreign policy would weaken America's position in the world and make us less safe. They would cut our military spending, abandon our

allies, and appease our enemies.

Biden and Harris's immigration policies would allow millions of illegal immigrants to flood into our country. This would strain our resources, drive down wages, and increase crime.

Their education policies would undermine our children's education and indoctrinate them with radical left-wing ideology.

Biden and Harris's policies are a danger to our country. They would hurt our economy, destroy our jobs, undermine our security, and erode our values.

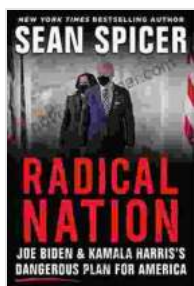

Here are some specific examples of the dangerous policies that Biden and Harris are proposing:

* Raising taxes on businesses and individuals to fund their socialist agenda. * Increasing government spending on welfare programs and entitlements. * Expanding government control over the economy. * Imposing burdensome regulations on businesses. * Raising the minimum wage to \$15 per hour, which would destroy jobs and hurt small businesses. * Creating a government-run healthcare system that would lead to higher costs and reduced quality of care. * Ending fracking and other forms of fossil fuel production, which would destroy American energy jobs and make us more dependent on foreign oil. * Rejoining the Paris Climate Agreement, which would cost American jobs and hurt our economy. * Cutting military spending and abandoning our allies, which would weaken America's position in the world and make us less safe. * Granting amnesty to illegal immigrants and making it easier for them to come to America, which would strain our resources, drive down wages, and increase crime. * Indoctrinating our children with radical left-wing ideology in schools.

These are just a few of the many dangerous policies that Biden and Harris are proposing. If they are elected, these policies will have a devastating impact on our country.

We cannot afford to let Biden and Harris implement their dangerous agenda. We must vote for Donald Trump and Mike Pence to protect our country from their radical plans.

Vote for Donald Trump and Mike Pence on November 3rd to save America!
