About the Book

The Proceedings of the 2024 Meeting of the Section for Forage Crops and Amenity Grasses is a collection of papers presented at the annual meeting of the Section. The papers cover a wide range of topics related to forage crops and amenity grasses, including:

- Forage production and management
- Amenity grass selection and maintenance
- Pest and disease management
- Seed production and quality
- Forage and Amenity grass breeding and genetics
- Forage and Amenity grass utilization
- Forage and Amenity grass environmental impacts

The Proceedings are a valuable resource for researchers, extension agents, farmers, ranchers, turf managers, and other professionals involved in the forage and amenity grass industry. The papers provide up-to-date information on the latest research and developments in the field.
