

# The Game: A Portrait of Scott Morrison

Scott Morrison is one of the most enigmatic and divisive figures in Australian politics. He is a man of contradictions: a devout Christian who is also a ruthless political operator, a self-described "daggy dad" who is also a master of spin. He is a man who has been both praised and vilified, and his time as Prime Minister has been marked by both triumph and disaster.

In his new book, *The Game*, journalist Shane Wright takes a close look at the life and career of Scott Morrison. Wright has spent years interviewing Morrison and those who know him best, and he has produced a revealing portrait of a complex and fascinating man.

*The Game* is not a hagiography. Wright does not shy away from Morrison's flaws, and he is critical of some of the decisions that Morrison has made as Prime Minister. However, Wright also gives credit where it is due, and he acknowledges that Morrison is a skilled politician who has achieved some significant successes.

One of the most interesting things about *The Game* is the way that Wright explores Morrison's religious beliefs. Morrison is a devout Christian, and his faith has played a major role in his life and career. Wright argues that Morrison's faith has given him a strong sense of purpose and direction, but it has also made him somewhat intolerant of those who do not share his beliefs.

Wright also explores Morrison's relationship with the media. Morrison has often been accused of being hostile to the media, and he has been known to lash out at journalists who criticize him. However, Wright argues that Morrison's relationship with the media is more complex than it appears. Morrison is a skilled communicator, and he knows how to use the media to his advantage. However, he is also a very private person, and he is uncomfortable with the level of scrutiny that comes with being Prime Minister.

*The Game* is a fascinating and revealing portrait of one of the most enigmatic figures in Australian politics. Wright's book is a must-read for anyone who wants to understand the man who is currently leading Australia.

### **praise for the game**

"Shane Wright has written a brilliant and insightful portrait of Scott Morrison. *The Game* is a must-read for anyone who wants to understand the man who is currently leading Australia." - Malcolm Turnbull, former Prime Minister of Australia

"*The Game* is a fascinating and revealing book. Wright has done a masterful job of capturing the contradictions and complexities of Scott

Morrison." - Julia Gillard, former Prime Minister of Australia

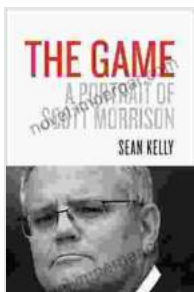

"The Game is a must-read for anyone who wants to understand Australian politics. Wright's book is a superb piece of journalism." - Kerry O'Brien, former host of ABC's Four Corners
