The Woodcock Johnson IV (WJ IV) is the most comprehensive and widely used child development assessment available today. It provides a detailed snapshot of a child's cognitive, academic, and social-emotional development. This information can be invaluable for parents, educators, and other professionals who are working to support children's learning and growth.

What's Included in the WJ IV Reports?

The WJ IV reports provide a wealth of information about a child's development. They include:

- **Cognitive Abilities:** The WJ IV measures a child's cognitive abilities, such as processing speed, verbal comprehension, reasoning, and memory.
- **Academic Achievement:** The WJ IV also measures a child's academic achievement in reading, mathematics, and writing.
- **Social-Emotional Skills:** The WJ IV assesses a child's social-emotional skills, such as self-regulation, social awareness, and relationship skills.

How Can You Use the WJ IV Reports?

The WJ IV reports can be used in a variety of ways to support children's learning and growth. They can be used to:

- **Identify areas of strength and weakness:** The WJ IV reports can help you identify areas where a child is excelling, as well as areas where they need additional support.
- **Set goals and develop interventions:** The WJ IV reports can help you develop goals for a child's development and create interventions to help them reach those goals.
- **Track progress over time:** The WJ IV reports can be used to track a child's progress over time and evaluate the effectiveness of interventions.
- **Communicate with parents and other professionals:** The WJ IV reports can be a valuable tool for communicating with parents and other professionals about a child's development.

Academic Achievement Assessment
Confidential Material - For Educational Use Only

Name:
School/Grade:
I-Code:
Chronological Age:
Primary Language:
Language of Instruction:

Reason for Evaluation:

(NAME) is a ____-year-old student in the ____ grade at ____ School. The OGT/IEP TEAM, Parent(s) related teacher, or a comprehensive assessment to determine if (s)he or she is eligible continues to be eligible to receive special education support services. This assessment is intended to identify academic strengths and weaknesses in the areas of reading, writing, and mathematics.

Procedures used and Tests Administered

Review of Available Educational Records
Woodcock Johnson Tests of Achievement, 4th edition (WJ IV)

Testing Observations:

Describe the following: Level of Cooperation; Level of Comprehension; Frustration; Level of Anxiety; Attention and Concentration; Self-Confidence; Care in Responding; Response to Difficult task. State whether the student is accurately representing the student's strengths and weaknesses. (max. 1000-1400)

Background Information:

Review of educational records, including student's grade, report cards, MCAD results, and comments from the classroom teacher. Include other relevant information, such as: previous achievement testing completed on the student and identification of specific learning disabilities or educational disabilities; include ELL level and ACCESS results if applicable. If this is a reevaluation, include how well IEP and current placement.

Test Analysis:

The following Standard Scores were obtained on the Woodcock Johnson Tests of Achievement, 4th edition. The Woodcock Johnson IV is an aptitude by administered and norm referenced test designed to measure academic achievement. The student's percentile in each subject is compared to grade-level norms. The scores are presented as Z and T score of 100 with a standard deviation of 15 would be within normal ability range. Scores within the range of 80-120 are considered Average. Percentile ranks indicate the percentage of grade-level norm sample who achieved scores at the level of lower range than the student achieved.

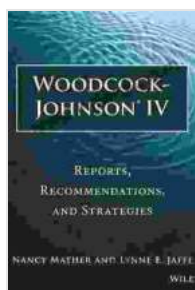

Additional Resources

In addition to the WJ IV reports, there are a number of other resources available to help you make the most of the assessment. These resources include:

- Woodcock Johnson IV website

- Woodcock Johnson IV resources
- Woodcock Johnson IV training

The Woodcock Johnson IV is a powerful tool that can provide you with invaluable insights into a child's development. The WJ IV reports can be used to identify areas of strength and weakness, set goals, develop interventions, track progress over time, and communicate with parents and other professionals. If you are working with children, the WJ IV is an essential resource that can help you support their learning and growth.
