## Exploring the Impact on Written Communication

### *Essay Extract on Effects Social Media Has on Mental Health*

*"Of course, social networks have their advantages and disadvantages. Due to numerous reports, such networks have a profound impact on youth. Young people have weak mental health due to the process of individuality and personality development. The problem lies right on the surface. Young people do not know when it is enough. It is crucial to have at least some breaks.*

*Social media can improve existing mental and emotional challenges a young person is dealing with for a long time. You should prepare your kids and tell them about all the dangers networks are hiding. Parental control and support can protect kids and teens from severe mental damage.*

*What are the most apparent dangers for youth today? Well, cyberbullying is the most obvious one. Aggressive young people use social media to improve their status in school and other institutions. Other kids are challenging to earn more likes and positive feedbacks to look cool and improve their reputation."*
